**Amendment & Response**

Dear Sir:

In response to the non-final Office Action mailed April 30, 1999, the Applicants submit the following amendments and remarks. A separate petition for an extension of time is being filed concurrently herewith. Please amend the application as follows:

In the claims:

Please amend claim 1 as follows:

1. (Amended) A DNA construct [containing] comprising a gene encoding a protein, said gene being under transcriptional control of a mammalian milk [serum] protein promoter sequence which does not naturally control transcription of said gene, said DNA construct further comprising DNA encoding a peptide enabling secretion of said protein.

Please add the following new claims 12-25:
